returned

Writing the Evaluation Report

1.7.-15.7.2016.

University of Novi Sad, in cooperation with other Universities, will write the evaluation report, giving suggestions for needed improvement of evaluated study programmes.

Evaluation report text, diagrams, tables, quotes, etc.

Changes that have occurred in this result since the original proposal

- There is the risk that we will not have enrolled students at new study programmes in academic 2015/2016 year.
- If this scenario happens, we will not be able to pilot and evaluate whole developed study programmes, but only some existing courses.
- Piloting of new courses at the University of Belgrade will be possible during the academic 2015/2016 year.
