

Food and accommodation

After the arrival of students from Novi Sad, they will be accommodated in the arheo-ethno park *Ravna* (8 km from Knjaževac). The stay in authentic ambient of the patriarchal community with residential and auxiliary buildings enables the contact with the traditional culture of living and folk architecture of the area.

In addition, the site of ancient settlement *Timacum Minus* is near. It contains the foundations from the 1st century which were used until the Justinian's recovery of the empire in the 6th century.

In the second part of the field trip, the students will be accommodated in houses used for village tourism, at the slopes of the mountain.

Village house *Bogdanović*

Village house *Babin zub*

During the field trip, the students will be served traditional meals typical for this area (which will be included in the fee).
